Clipsham Yew Tree Avenue Trust

Dedicated to the conservation of Clipsham Yew Tree Avenue

About Us

Clipsham Yew Tree Avenue Trust has been set up by a group of local volunteers who value this unique example of English landscape and wish to ensure that the work started by Amos Alexander, Clipsham Estate Head Forester in 1870, should be continued.

Trust's Plan

It is the Trust's intention to maintain the health of the yews, to restore the topiary to its earlier glory, and to provide an opportunity for visitors to appreciate the importance of trees to our environment.

If you would like to support the work of the Trust, and be informed of its activities, send a brief email to: info@yewtreeavenue.co.uk, and we will contact you.
